

Protocol for New Servants Joining a Class

Formation Period

The goal of this process is to form spiritual servants who build souls through love, example, shepherding, and a life rooted in Christ and His Church, not simply to form religious teachers who relay information.

Phase 1: Knowing the Flock

“But he who enters by the door is the shepherd of the sheep. To him the doorkeeper opens, and the sheep hear his voice; and he calls his own sheep by name and leads them out. John 10:2,3

Before a new servant begins preparing lessons, they should first focus on building relationships with the children and the class. Therefore, the following steps must be completed prior to preparing lessons:

1. Learn every child's name in the class.
2. Attend two visitations with another servant.

During this phase, new servants can aid in attendance, collecting donations, and opening prayers/song. New servants **should not** prepare lessons, activities, Kahoot, etc.

Estimated time: 1-2 Months

Phase 2: Ministry of the Word

“But we will give ourselves continually to prayer and to the ministry of the word.” Acts 6:4

After completing Phase 1, the new servant may begin preparing and teaching lessons with another servant in the class. During this phase, new servants will learn the spiritual process (prayer, contemplation) and physical process of preparing the lesson from the experienced servant.

1. Join an experienced servant in preparing two lessons according to the rotation of the class.
2. The lead servant in the class will review these two lessons ensuring responsibilities in the lesson are distributed appropriately (i.e. new servant is not teaching entire lesson).

Estimated time: 1-2 Months

Phase 3: Teaching the Word

“But the word of God grew and multiplied.” Acts 12:24

After completing Phase 2, the new servant may begin preparing and teaching lessons solo under the guidance of an experienced servant in the class.

1. Prepare two lessons according to the lesson rotation of the class under the supervision and guidance of an experienced servant in the class.
2. Five days prior to teaching each of the two lessons, the lesson will be submitted for review to christophermetri@gmail.com

Estimated time: 1-2 Months

After completing all three phases, the new servant may begin regularly preparing and teaching lessons independently, while continuing to build relationships and participate in visitations, always remembering that true service is not merely giving lessons, but giving one's life for the spiritual growth of the children entrusted to them.
